## I. MTC AND PROJECT DESCRIPTION

### A. *Description of MTC*

The Metropolitan Transportation Commission (MTC) is both the regional transportation planning agency (RTPA) and the metropolitan planning organization (MPO) for the nine-county San Francisco Bay Area-Alameda, Contra Costa, Marin, Napa, San Francisco, San Mateo, Santa Clara, Solano and Sonoma counties.

Following the Loma Prieta Earthquake in 1989, MTC worked with the Bay Area's transportation agencies to develop the Trans Response Plan (TRP), which provides a coordinated, multimodal transportation response to regional emergencies. More recently, MTC in partnership with the TRP Steering Committee (committee comprised of major transportation agencies), developed the Regional Transportation Emergency Management Plan (RTEMP). The RTEMP builds upon the framework of the Trans Response Plan and provides a more detailed definition of roles and responsibilities of not only the transportation agencies, but provides guidance for interagency coordination between the California Office of Emergency Services (Cal OES), Caltrans District 4, California Highway Patrol (Golden Gate Division), the San Francisco Bay Area Water Emergency Transportation Authority (WETA), County Operational Areas, and MTC. The RTEMP is available on the MTC website <<http://www.mtc.ca.gov/planning/emergency>>.

Cal OES, in collaboration with the cities of Oakland, San Francisco and San Jose, and the Bay Area County Operational Areas developed the Regional Emergency Coordination Plan (RECP). The RECP provides an all-hazards framework in response to emergencies in the San Francisco Bay Area. The RECP has nine subsidiary plans; the RTEMP/TRP is a counterpart to the RECP's Transportation Subsidiary Plan. The RTEMP/TRP provides guidance to MTC and the region's transportation agencies on the restoration of the basic transportation services. The RECP Transportation Subsidiary Plans focus is on the Cal OES Coastal Region and the County Operational Areas offices' coordination of transportation resources to enable emergency response. Both plans have been tested during past state and region-wide exercises.

During a major disaster, the top priorities for emergency response agencies are protection of life and safety, followed by food and shelter. Transportation agencies may be called on to provide emergency response agencies with resources to accomplish those priorities, while also continuing to provide transportation services to meet the mobility needs of the public. This increased need for resources, combined with damage to the transportation system and disruption of normal services, creates the need to coordinate available transportation resources and prioritize efforts to restore capacity and services.

Since 1997, MTC and the Bay Area's transportation agencies have conducted annual region-wide functional exercises to test regional emergency plans. During the coming years, the exercises will need to consider strengthening procedures and protocols within individual agencies, and integrating local response actions that may expand into regional interactions among transportation agencies, paratransit service providers, Operational Areas, and Cal OES.

### ***B. Project Description***

The scope of this project is to evaluate the need to update or revise current SF Bay Area emergency transportation plans; design, conduct and evaluate emergency preparedness exercises; assess and revise MTC's current Emergency Operations Plan; provide technical assistance as needed; and support the administration of the TRP Committee. In addition, the project may include additional emergency preparedness tasks that will be developed under Task Orders. Further detail is provided in *Appendix A, Scope of Work*.

## **II. PROPOSER MINIMUM QUALIFICATIONS**

Proposals must demonstrate that the firm or team submitting the proposal ("Proposer") meets the following Minimum Qualifications to be eligible for consideration for this project.

1. The proposer must have a minimum of 5 years experience writing transportation emergency plans and developing and conducting emergency exercises.
2. Project manager and any other technical staff must each have a minimum of 5 years experience in the field relative to the project responsibilities they are assigned.
3. The proposer must be able to provide a list of at least 10 reference projects where they provided similar services within the last 5 years.

### ***C. Budget***

MTC has budgeted approximately three hundred thousand dollars (\$300,000) for this effort in FY14-FY15. Additional funding will be available in future Fiscal Years (FY) subject to approval of future MTC budgets. ## VIII. PROPOSAL EVALUATION

### A. *Verification of Minimum Qualifications*

The Project Manager will review proposals to ensure that each Proposal meets the Minimum Qualifications set out in Section II, Proposer Minimum Qualifications of this RFP. Proposers failing to meet the Minimum Qualifications will not be considered.

### ***B. Review for General Responsiveness***

The Project Manager, in consultation with the MTC's Office of General Counsel, will conduct an initial review of the proposals for general responsiveness and inclusion of the items requested in *Appendix C*. Proposers failing to meet the Minimum Qualifications and Requirements listed herein this RFP will not be considered responsive. Also, any proposal that does not include enough information to permit the evaluators to rate the proposal in any one of the evaluation factors listed below will be considered non-responsive and will not be evaluated. A proposal that fails to include one or more items requested in the Form of Proposal may be considered responsive, if evaluation in every criterion is possible. MTC reserves the right to request additional information from responsive proposers prior to evaluation.

### ***C. Evaluation Panel and Evaluation Criteria***

Responsive proposals will then be evaluated by an evaluation panel of MTC and partner agency staff. The evaluation of the proposals shall be within the sole judgment and discretion of the evaluation panel.

All contact during the evaluation phase shall be through the MTC Project Manager only. Proposers shall neither contact nor lobby any evaluation panel members during the evaluation process. Attempts by proposer to contact and/or influence members of the evaluation panel may result in disqualification of proposer.

Responsive proposals shall be evaluated on the basis of the following evaluation factors, with their relative importance indicated by percentages:

1. Qualifications & References (40%)
2. Detailed Work Plan (25%)
3. Cost Proposal (20%)
4. Written & Verbal Communication Skills (15%)

### ***D. Proposer Discussions***

Following the initial evaluation, the evaluation panel may elect to recommend award to a particular proposer (with or without interviews), or to enter into discussions with a "short list" of proposers, consisting of those proposers reasonably likely, in the opinion of the panel, to be awarded the contract.

The purpose of discussions with a Proposer on the “short list” will be to identify to that Proposer the specific deficiencies and weaknesses in their proposal and to provide the Proposer with the opportunity to consider possible approaches to alleviating or eliminating them. These deficiencies or weaknesses may include such things as technical issues, management approach, cost, or team composition. Discussions may take place through written correspondence and/or during face-to-face interviews. The Proposer’s project manager, as well as other key personnel identified by the evaluation panel, will be expected to participate in any discussions. A proposer on the “short list” invited to participate in discussions will be expected to provide a presentation limited to 20 minutes consisting of an overview of its approach to the Project.

#### ***E. Request for Best and Final Offer***

Following discussions, if held, proposers on the “short list” will be given the opportunity to revise their written proposals to address the concerns raised during discussions through issuance of Request for Best and Final Offer (BAFO). Following receipt of the BAFOs, the evaluation panel will evaluate the BAFOs against the evaluation criteria.

MTC reserves the right to not convene oral interviews or discussions, and to make an award on the basis of initial proposals. Accordingly, each initial proposal should be submitted on the most favorable terms from a price and a technical viewpoint. References may be contacted at any point in the evaluation process.

The panel will recommend a Consultant to the MTC Executive Director, based on their evaluation of the written proposals or BAFOs and oral interviews or discussions (if held). The Executive Director will review the recommendation, and if he agrees, he will approve the award or forward the recommendation to the MTC Operations Committee for approval (if required).

## **IX. GENERAL CONDITIONS**

### ***A. Award***

Any award made will be to the Consultant whose proposal is most advantageous to MTC based on the evaluation criteria defined in Section VIII. If the selected firm fails to enter into a contract with MTC in a timely manner as determined by MTC, in accordance with the terms and conditions of this RFP, MTC reserves the right to reject the proposal of the selected firm and enter into a contract with the next highest scoring firm.

### ***B. Contract Arrangements***

MTC Standard Consultant Contract is attached as *Appendix D*. If a proposer wishes to propose a change to any standard MTC contract provision, the provision and the proposed alternative language must be submitted prior to the closing date for receipt of requests for

clarifications/exceptions. If no such change is requested, the Proposer will be deemed to accept MTC's standard contract provisions, unless such language is protested in accordance with Section C below.

The selected Consultant will be required to maintain insurance coverage, during the term of the contract, at the levels described in *Appendix D-1, Insurance Requirements*. Proposer agrees to provide the required certificates of insurance providing verification of the minimum insurance requirements in *Appendix D-1*, within ten (10) days of MTC's notice that it is the successful proposer. Requests to change MTC's insurance requirements should be submitted on or prior to the closing date for receipt of requests for clarifications/exceptions. MTC will review the requests and issue an addendum if material changes requested by a prospective proposer are acceptable. Objections to MTC determinations on requests to change insurance requirements pursuant to the protest provisions of this RFP must be brought to MTC's attention no later than the deadline for protesting RFP provisions or compliance with all material insurance requirements will be assumed.

The contract resulting from this RFP will include deliverables that are firm fixed priced, tasks that are labor hour based, and work as requested by MTC on a task order basis, with payment based on MTC's receiving of satisfactory deliverables or a combination of deliverables based payment and task order, etc.

### ***C. Selection Disputes***

A Proposer may object to a provision of the RFP on the grounds that it is arbitrary, biased, or unduly restrictive, or to the selection of a particular Consultant on the grounds that MTC procedures, the provisions of the RFP or applicable provisions of federal, state or local law have been violated or inaccurately or inappropriately applied by submitting to the Project Manager a written explanation of the basis for the protest:

1. No later than 4:00 p.m. on the third day prior to the date proposals are due, for objections to RFP provisions; or
2. No later than 4:00 p.m. on the third day after the date the firm is notified that it did not meet the minimum qualifications or was found to be non-responsive; or
3. No later than 4:00 p.m. on the third day after the date on which the firm is notified that it was not selected, or if applicable the date the appropriate committee authorizes award, whichever is later, for objections to consultant selection.

Except with regard to initial determinations of non-responsiveness, the evaluation record shall remain confidential until the MTC Executive Director or appropriate MTC Committee authorizes award.

Protests of recommended awards must clearly and specifically describe the basis for the protest in sufficient detail for the MTC review officer to recommend a resolution to the Executive Director or Section Director, as appropriate.

The MTC Executive Director will respond to the protest in writing, based on the recommendation of a staff review officer. Should a proposer wish to appeal the decision of the MTC Executive Director, it may file a written appeal with MTC, no later than 4:00 p.m. on the third business day after receipt of the written response from the MTC Executive Director. MTC's decision will be the final agency decision.

Authorization to award an agreement to a particular consultant by MTC shall be deemed conditional until the expiration of the protest period or, if a protest is filed, the issuance of a written response to the protest by the MTC Executive Director or, if the decision of the MTC Executive Director is appealed, the issuance of MTC's decision.

#### ***D. Public Records***

This RFP and any material submitted in response to this RFP are subject to public inspection under the California Public Records Act (Government Code § 6250 *et seq.*), unless exempt by law. Other than proprietary information or other information exempt from disclosure by law, the content of proposals submitted to MTC will be made available for inspection consistent with its policy regarding Public Records Act requests.

If the proposer believes any proposal content contains trade secrets or other proprietary information that the proposer believes would cause substantial injury to the proposer's competitive position if disclosed, the proposer may request that MTC withhold from disclosure such proprietary materials by marking each page containing proprietary information, including financial information submitted under Section *L. Financial Responsibility*, of this RFP, as confidential and shall include the following notice at the front of its proposal:

“The data on the following pages of this proposal, including financial information submitted under Section *L. Financial Responsibility* of this RFP marked along the right margin with a vertical line, contain technical or financial information which are trade secrets and/or which, if disclosed, would cause substantial injury to the proposer's competitive position. The proposer requests that such data be used for review by MTC only, but understands that exemption from disclosure will be limited by MTC's obligations under the California Public Records Act. If an agreement is awarded to the proposer submitting this proposal, MTC shall have the right to use or disclose the data, unless otherwise provided by law. [List pages].”

Failure to include this notice with relevant page numbers shall render any “confidential/proprietary” markings inadequate. Individual pages shall accordingly not be treated

confidentially. **Any language purporting to render the entire proposal confidential or proprietary will be regarded as ineffective and will be disregarded. In addition, the proposer may not designate any required proposal forms or the cost proposal as confidential. Consequently, any language purporting to render any proposal forms or the cost proposal as confidential or proprietary will be regarded as ineffective and will be disregarded.**

In the event properly marked data is requested pursuant to the California Public Records Act, the proposer will be advised of the request. If the Proposer requests that MTC withhold such data from disclosure and MTC complies with the proposer's request, the proposer shall assume all responsibility for any challenges resulting from the non-disclosure; indemnify and defend MTC and hold it harmless from and against all claims, legal proceedings, and resulting damages and costs (including but not limited to attorneys' fees that may be awarded to the party requesting such proposer information); and pay any and all costs and expenses relating to the withholding of the proposer information.

If the proposer does not mark each page containing proprietary information as confidential, does not include the statement described above at the front of its Proposal, and does not request that MTC withhold information marked as confidential and requested under the California Public Records Act, MTC shall have no obligation to withhold the information from disclosure, and the proposer shall not have a right to make a claim or maintain any legal action against MTC or its commissioners, officers, employees or agents in connection with such disclosure.

#### ***E. Key Personnel***

Key staff persons assigned to the project are expected to remain on the project. Any change in key staff persons of the proposed project team is subject to prior written approval of MTC. Removal of any key staff persons identified in the proposal without written consent of the Project Manager may be considered a material breach of contract.

#### ***F. Conflicts Of Interest***

By submitting a Proposal, the Proposer represents and warrants that no commissioner, officer or employee of MTC is in any manner interested directly or indirectly in the Proposal or in the contract that may be made under it or in any profits expected to arise therefrom, as set forth in California Government Code Section 1090.

The Proposer further warrants and represents that it presently has no interest and agrees that it will not acquire any interest that would present a conflict of interest under California Government Code Sections 1090 *et seq.* or 87100 *et seq.* during the performance of services under any contract resulting from this RFP and that it will not knowingly employ any person having such an interest. Violation of this provision may result in the contract being deemed void and unenforceable.

Whenever MTC is awarding a contract that involves the rendering of advice, it will consider whether there exists the potential for bias, because of other activities, relationships or contracts of the Proposer, and if so, whether any potential bias can be mitigated acceptably by MTC and the Proposer. After award, the Consultant shall take all reasonable measures to preclude the existence or development of an organizational conflict of interest in connection with work performed under the agreement resulting from this and other MTC solicitations. An organizational conflict of interest occurs when, due to other activities, relationships, or contracts, a firm or person is unable, or potentially unable, to render impartial assistance or advice to MTC; a firm or person's objectivity in performing the contract work is or might be impaired; or a firm or person has an unfair competitive advantage in proposing for award of a contract as a result of information gained in performance of this or some other project.

Proposer shall not engage the services of any subcontractor or independent contractor on any work related to this Agreement if the subcontractor or independent contractor, or any employee of the subcontractor or independent contractor, has an actual or apparent organizational conflict of interest related to work or services contemplated under this Agreement.

### ***Task 2- MTC Emergency Operations Plans (EOPs) Assessment & Revision***

The purpose of this task is to assess and update MTC's EOP - the plan that identifies the Emergency Operations Center (EOC) structure, responsibilities, procedures, and guiding policies when responding to an emergency. Consultant shall identify what approach(s) will be used for this assessment; these may include, but are not limited to, the *Federal Emergency Management Agency Guide for All-Hazard Emergency Operations Planning* (the latest edition as published by FEMA), the *California Office of Emergency Services' Emergency Operations Plan Crosswalk for Plan Review*, and/or other relevant industry standard tools as identified by the Consultant and approved by the MTC Project Manager. Consultant shall provide an assessment of the gaps and needs of the current EOP in the form of a report to the Project Manager. The Consultant shall hold an initial meeting with MTC to discuss timelines and objectives. Within 1 week, Consultant shall provide a Gantt chart detailing the timeline of the project. The Consultant shall hold bi-weekly status meetings with the Project Manager and deliver written progress reports to MTC on a monthly basis.

Consultant shall work closely with the MTC Project Manager to develop revised EOPs that serve MTC's needs of facilitating regional coordination, while also addressing response and recovery in both short and long-term events. The updated EOPs shall describe the purpose of the plan, concept of operations, organization and assignment of responsibilities, administration, logistics, technology tools, plan development and maintenance, and references. The revised EOPs shall meet the aforementioned elements, while providing a plan that is comprehensive, addresses both high-level and detailed program elements, is easy to use and update, and will enhance MTC's emergency management capabilities.

A Draft and Final outline shall describe the proposed changes to the EOP, along with a comment form for feedback. *Deliverable 2.1* and *Deliverable 2.4* will serve as the basis for developing the Draft EOP.

The Draft EOP will follow industry standards by providing a detailed base plan that will address core program requirements, detailed guidance for specific program components, activation triggers and procedures, and staffing requirements; the EOP shall be organized to make the information clear, easy to understand, in a format that is easily distributed to staff, and actionable by MTC in an emergency.

The Consultant shall deliver the Draft EOP to the Project Manager for feedback and review, after which the Consultant shall incorporate feedback and deliver the Final EOP.

The Consultant shall plan, design, and deliver training materials for internal staff on how to best utilize the EOP effectively (“EOP Training Materials”). If it is determined by MTC that CONSULTANT's failure to perform resulted from unforeseeable causes beyond the control of CONSULTANT, such as a strike, fire, flood, earthquake or other event that is not the fault of, or is beyond the control of CONSULTANT, MTC, after setting up a new delivery or performance schedule, may allow CONSULTANT to continue work, or treat the termination as a termination for convenience.

#### 7. INSURANCE AND FINANCIAL SECURITY REQUIREMENTS

CONSULTANT shall, at its own expense, obtain and maintain in effect at all times during the life of this Agreement the types of insurance and financial security listed in Attachment E, Insurance and Financial Security (Bond) Provisions, attached hereto and incorporated herein, against claims, damages and losses due to injuries to persons or damage to property or other losses that may arise in connection with the performance of work under this Agreement. All insurance must be placed with insurers with a Best's rating of A-VIII or better.

#### 8. INDEPENDENT CONTRACTOR

CONSULTANT is an independent contractor and not an employee or agent of MTC and has no authority to contract or enter into any agreement in the name of MTC. CONSULTANT has, and hereby retains, full control over the employment, direction, compensation and discharge of all persons employed by CONSULTANT who are assisting in the performance of services under this Agreement. CONSULTANT shall be fully responsible for all matters relating to the payment of its employees, including compliance with social security, withholding tax and all other laws and regulations governing such matters. CONSULTANT shall be responsible for its own acts and those of its agents and employees during the term of this Agreement.

#### 9. INDEMNIFICATION

To the maximum extent permitted by law, CONSULTANT shall indemnify, keep and hold harmless MTC and those entities (if any) identified as additional insureds in Attachment E,

Insurance and Financial Security (Bond) Provisions, and their commissioners, directors, officers, agents, and employees (“MTC Indemnified Parties”) against any and all demands, claims, suits or actions arising out of any of the following:

- A. Any injury or death to persons or property or pecuniary, financial or economic losses that may occur, or that may be alleged to have occurred, arising from the performance of this Agreement by CONSULTANT caused by any breach of the Agreement or negligent act or omission or willful misconduct of the CONSULTANT or its officers, employees, subconsultants or agents; or
- B. Any allegation that materials or services provided by CONSULTANT under this Agreement infringe or violate any copyright, trademark, patent, trade secret, or any other intellectual-property or proprietary right of any third party.

CONSULTANT further agrees to defend any and all such claims, actions, suits or other legal proceedings and pay all charges of attorneys and all other costs and expenses of defenses as they are incurred. If any judgment is rendered against any of the MTC Indemnified Parties, CONSULTANT shall, at its expense, satisfy and discharge the same.

The provisions set forth in this Article are intended to be applied to the fullest extent allowed under the law and, if any portion of it is found to be void or unenforceable, the remainder is to be severable and enforceable. This indemnification shall survive termination or expiration of this Agreement.

#### 10. DATA TO BE FURNISHED BY MTC

All data, reports, surveys, studies, drawings, software (object or source code), electronic databases, and any other information, documents or materials (“MTC Data”) made available to CONSULTANT by MTC for use by CONSULTANT in the performance of its services under this Agreement shall remain the property of MTC and shall be returned to MTC at the completion or termination of this Agreement. No license to such MTC Data, outside of the Scope of Work of the Project, is conferred or implied by CONSULTANT’s use or possession of such MTC Data. Any updates, revisions, additions or enhancements to such MTC Data made by CONSULTANT in the context of the Project shall be the property of MTC and subject to the provisions of Article 11.

#### 10.1 PERSONALLY IDENTIFIABLE INFORMATION

CONSULTANT agrees to comply with the special provisions related to the access and protection of personally identifiable information set forth in Attachment F, Special Conditions.

Regarding Personally Identifiable Information, attached hereto and incorporated herein by this reference.

## 11. OWNERSHIP OF WORK PRODUCTS

All drawings, designs, specifications, manuals, reports, studies, surveys, models, software, source code and source code documentation, documentation or system architecture and any other documents, materials, data and products (“Work Products”) prepared or assembled and furnished to MTC by CONSULTANT or its subconsultants pursuant to this Agreement shall be and are the property of MTC. MTC shall be entitled to copies and access to these materials during the progress of the work. Any such materials remaining in the hands of the CONSULTANT or in the hands of any subconsultant upon completion or termination of the work shall be immediately delivered to MTC. CONSULTANT hereby assigns to MTC ownership of any and all rights, title and interest in and to such Work Products, including ownership of any copyright, patent, trademark, trade secret, or other intellectual property or proprietary rights in the Work Product. CONSULTANT also agrees to execute all papers necessary for MTC to perfect its ownership of the rights in the Work Product. Notwithstanding the above, “Work Products” are not intended nor shall they be construed to include CONSULTANT’S pre-existing intellectual property secured, developed, written, or produced by CONSULTANT prior to the execution of this Agreement or developed concurrently with this Agreement but not specifically for this Agreement; CONSULTANT shall retain all right, title and interest in any such pre-existing intellectual property.

CONSULTANT shall be responsible for the preservation of any and all such Work Products prior to transmittal to MTC, and CONSULTANT shall replace any such Work Products as are lost, destroyed, or damaged while in its possession without additional cost to MTC.

CONSULTANT represents and warrants that all materials prepared under this Agreement are original or developed from materials in the public domain (or both) and that all materials prepared under and services provided under this Agreement do not infringe or violate any copyright, trademark, patent, trade secret, or other intellectual-property or proprietary right of any third party.

## 12. SUBCONTRACTS

A. Subconsultants approved by MTC for subcontract work under this Agreement are listed in Attachment G, Subconsultant List, attached hereto and incorporated herein by this reference. Any subconsultants must be engaged under written contract with the CONSULTANT with

provisions allowing the CONSULTANT to comply with all requirements of this Agreement, including without limitation Article 11, OWNERSHIP OF WORK PRODUCTS. Failure of a subconsultant to provide insurance in accordance with Article 7, INSURANCE REQUIREMENTS, shall be at the risk of CONSULTANT.

B. Nothing contained in this Agreement or otherwise, shall create any contractual relation between MTC and any subcontractors, and no subcontract shall relieve CONSULTANT of his/her responsibilities and obligations hereunder. CONSULTANT agrees to be as fully responsible to MTC for the acts and omissions of its subcontractors and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by CONSULTANT. CONSULTANT's obligation to pay its subcontractors is an independent obligation from MTC's obligation to make payments to CONSULTANT.

C. Any substitution of subcontractors listed in Attachment G must be approved in writing by MTC's Project Manager in advance of assigning work to a substitute subcontractor.

D. Applicable provisions of this Agreement shall be included in any subcontract or subconsultant agreement in excess of \$25,000 entered into under of this Agreement.

### 13. ASSIGNMENT OF AGREEMENT

CONSULTANT shall not assign this Agreement, or any part thereof without prior express written consent of the Project Manager or a designated representative, and any attempt thereat shall be void and unenforceable.

### 14. RECORDS

CONSULTANT agrees to establish and maintain an accounting system conforming to Generally Accepted Accounting Principles (GAAP) that is adequate to accumulate and segregate reasonable, allowable, and allocable project costs. CONSULTANT further agrees to keep all records pertaining to the project being funded for audit purposes for a minimum of four (4) years following the fiscal year of last expenditure under the Agreement; or until completion of any litigation, claim or audit, whichever is longer. Any conflicting language regarding retention of records contained in Attachment H, Federally-Required Clauses, shall supersede this Article.

### 15. AUDITS

CONSULTANT shall permit MTC, and its authorized representatives to have access to CONSULTANT's books, records, accounts, and any and all work products, materials, and other data relevant to this Agreement, for the purpose of making an audit, examination, excerpt and

maximum payment the full amount of such fee, commission, percentage, brokerage fee, gift or contingent consideration.

## 18. PROHIBITED INTERESTS

CONSULTANT covenants that it presently has no interest and shall not acquire any interest, direct or indirect, which would conflict in any manner or degree or have the potential of conflicting with the performance of services required under the Agreement or the impartial rendering of assistance or advice to MTC. CONSULTANT further covenants that in the performance of the Agreement no person having any such interest shall be employed.

No member, officer, employee or agent of MTC, during his/her tenure shall have any prohibited interest as defined by California Government Code Sections 1090, *et seq.* and 87100 *et seq.*, direct or indirect, in the Agreement or the proceeds thereof. Prohibited interests include interests of immediate family members, domestic partners, and their employers or prospective employers. Accordingly, CONSULTANT further covenants that it has made a complete disclosure to MTC of all facts of which it is aware upon due inquiry bearing upon any possible interest, direct or indirect, which it believes any member, officer, agent or employee of MTC (or an immediate family member, domestic partner or employer or prospective employer of such member, officer, agent or employee) presently has, or will have in the Agreement, or in the performance thereof, or in any portion of the profits thereunder. Willful failure to make such disclosure, if any, shall constitute grounds for cancellation and termination hereof by MTC.

### 18.1 ORGANIZATIONAL CONFLICTS OF INTEREST

CONSULTANT shall take all reasonable measures to preclude the existence or development of an organizational conflict of interest in connection with work performed under this Agreement. An organizational conflict of interest occurs when, due to other activities, relationships, or contracts, a firm or person is unable, or potentially unable, to render impartial assistance or advice to MTC; a firm or person's objectivity in performing the contract work is or might be impaired; or a firm or person has an unfair competitive advantage in proposing for award of a contract as a result of information gained in performance of this or some other Agreement.

CONSULTANT shall not engage the services of any subconsultant or independent contractor on any work related to this Agreement if the subconsultant or independent contractor, or any employee of the subconsultant or independent contractor, has an actual or apparent organizational conflict of interest related to work or services contemplated under this Agreement.

If at any time during the term of this Agreement CONSULTANT becomes aware of an organizational conflict of interest in connection with the work performed hereunder, CONSULTANT shall immediately provide MTC with written notice of the facts and circumstances giving rise to this organizational conflict of interest. CONSULTANT's written notice will also propose alternatives for addressing or eliminating the organizational conflict of interest. If at any time during the period of performance of this Agreement, MTC becomes aware of an organizational conflict of interest in connection with CONSULTANT's performance of the work hereunder, MTC shall similarly notify CONSULTANT. In the event a conflict is presented, whether disclosed by CONSULTANT or discovered by MTC, MTC will consider the conflict presented and any alternatives proposed and meet with CONSULTANT to determine an appropriate course of action. MTC's determination as to the manner in which to address the conflict shall be final.

Failure to comply with this section may subject the CONSULTANT to damages incurred by the MTC in addressing organizational conflicts that arise out of work performed by CONSULTANT, or to termination of this Agreement for breach.

## 19. LAWS AND REGULATIONS

CONSULTANT shall comply with any and all applicable laws, statutes, ordinances, rules, regulations, and procedural requirements of any national, state, or local government, and of any agency of such government, including but not limited to MTC, that relate to or in any manner affect the performance of the Agreement. Those laws, statutes, ordinances, rules, regulations and procedural requirements which are imposed on MTC as a recipient of federal or state funds are hereby in turn imposed on CONSULTANT.

## 20. CLAIMS OR DISPUTES

CONSULTANT shall be solely responsible for providing timely written notice to MTC of any claims for additional compensation and/or time in accordance with the provisions of the Agreement. It is MTC's intent to investigate and attempt to resolve any CONSULTANT claims before CONSULTANT has performed any disputed work. Therefore, CONSULTANT's failure to provide timely notice shall constitute a waiver of CONSULTANT's claims for additional compensation and/or time.

CONSULTANT shall not be entitled to the payment of any additional compensation for any cause, including any act, or failure to act, by MTC, or the failure or refusal to issue a modification, or the happening of any event, thing, or occurrence, unless it has given MTC due

written notice of a potential claim. The potential claim shall set forth the reasons for which CONSULTANT believes additional compensation may be due, the nature of the costs involved, and the amount of the potential claim.

Such notice shall be given to MTC prior to the time that CONSULTANT has started performance of the work giving rise to the potential claim for additional compensation.

If there is a dispute over any claim, CONSULTANT shall continue to work during the dispute resolution process in a diligent and timely manner as directed by MTC, and shall be governed by all applicable provisions of the Agreement. CONSULTANT shall maintain cost records of all work that is the basis of any dispute.

If an agreement can be reached which resolves CONSULTANT's claim, the parties will execute an Agreement modification to document the resolution of the claim. If the parties cannot reach an agreement with respect to the CONSULTANT claim, they may choose to pursue dispute resolution pursuant to Article 24, DISPUTE RESOLUTION, or MTC may terminate the Agreement.

## 21. REMEDIES FOR BREACH

In the event CONSULTANT fails to comply with the requirements of the Agreement in any way, MTC reserves the right to implement administrative remedies which may include, but are not limited to, withholding of progress payments and contract retentions, and termination of the Agreement in whole or in part.

The duties and obligations imposed by the Agreement and the rights and remedies available thereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law. No action or failure to act by MTC or CONSULTANT shall constitute a waiver of any right or duty afforded any of them under the Agreement, nor shall any such action or failure to act constitute an approval of or acquiescence in any breach thereunder, except as may be specifically agreed in writing.

## 22. TEMPORARY SUSPENSION OF WORK

MTC, in its sole discretion, reserves the right to stop or suspend all or any portion of the work for such period as MTC may deem necessary. The suspension may be due to the failure on the part of CONSULTANT to carry out orders given or to perform any provision of the Agreement or to factors that are not the responsibility of CONSULTANT. The CONSULTANT shall comply immediately with the written order of MTC to suspend the work wholly or in part.

The suspended work shall be resumed when CONSULTANT is provided with written direction from MTC to resume the work.

If the suspension is due to CONSULTANT's failure to perform work or carry out its responsibilities in accordance with this Agreement, or other action or omission on the part of the CONSULTANT, all costs shall be at CONSULTANT's expense and no schedule extensions will be provided by MTC.

In the event of a suspension of the work, CONSULTANT shall not be relieved of CONSULTANT's responsibilities under this Agreement, except the obligations to perform the work which MTC has specifically directed CONSULTANT to suspend under this section.

If the suspension is not the responsibility of CONSULTANT, suspension of all or any portion of the work under this Section may entitle CONSULTANT to compensation and/or schedule extensions subject to the Agreement requirements.

## 23. WARRANTY OF SERVICES

A. In the performance of its services, CONSULTANT represents and warrants that it has and will exercise the degree of professional care, skill, efficiency, and judgment of consultants with special expertise in providing such services, and that it carries and will maintain all applicable licenses, certificates, and registrations needed for the work in current and good standing. In addition, CONSULTANT shall provide such specific warranties as may be set forth in specific Task Orders as agreed upon by the parties.

B. In the event that any services provided by CONSULTANT hereunder are deficient because of CONSULTANT's or subconsultants failure to perform said services in accordance with the warranty standards set forth above, MTC shall report such deficiencies in writing to the CONSULTANT within a reasonable time. MTC thereafter shall have:

1. The right to have CONSULTANT re-perform such services at the CONSULTANT's expense; or
2. The right to have such services done by others and the costs thereof charged to and collected from the CONSULTANT if within 30 days after written notice to CONSULTANT requiring such re-performance, CONSULTANT fails to give satisfactory evidence to the MTC that it has undertaken said re-performance; or
3. The right to terminate the Agreement for default. CONSULTANT shall be responsible for all errors and omissions and is expected to pay for all deficient work as a result of errors and omissions.

## 24. DISPUTE RESOLUTION

A. Informal Resolution of Disputes. CONSULTANT and MTC shall use good faith efforts to resolve all disputes informally at the project manager level. In the event such efforts are unsuccessful, either party may request that MTC provide a written determination as to the proposed resolution of the dispute. Within twenty-one (21) calendar days of the request, MTC's Project Manager shall provide a written determination as to the dispute, which shall include the basis for its decision. Upon CONSULTANT's written acceptance of the Project Manager's determination, the Agreement may be modified and the determination implemented or, failing agreement, MTC may in its sole discretion pay such amounts and/or revise the time for performance in accordance with the Project Manager's determination.

If the Project Manager's determination is not accepted by CONSULTANT, the matter shall promptly be referred to senior executives of the parties having designated authority to settle the dispute. The senior executives will exchange memoranda stating the issues in dispute and their respective positions and then meet for negotiations at a mutually agreed time and place. If the matter has not been resolved within thirty calendar (30) days of commencement of senior management negotiations, the parties may mutually agree to try to settle the dispute by means of alternate dispute resolution methodologies, as set forth below.

B. Controversies Subject to Alternative Dispute Resolution. Any claim or controversy concerning the interpretation, application, or implementation of this Agreement between MTC and CONSULTANT which cannot be resolved through the informal efforts described above, may, by specific agreement of the parties, be submitted to alternative dispute resolution (that is, mediation or arbitration) with the parameters for such dispute resolution being agreed to by the parties at the time.

C. Other Remedies. If a dispute is not resolved through discussion or the parties do not agree to alternative dispute resolution, either party may pursue available legal remedies in a California State or Federal court of competent jurisdiction. CONSULTANT must file a government claim pursuant to Government Code section 910 *et seq.* in order to initiate a civil action.

D. Pending Resolution. CONSULTANT shall continue to work during the dispute resolution process in a diligent and timely manner as directed by MTC, and shall be governed by all applicable provisions of the Agreement.

E. Cost of Alternative Dispute Resolution Proceedings. Each party shall bear the costs and expenses incurred by it in connection with such alternative dispute resolution processes. The cost of any mediator or independent decision maker shall be shared equally between the parties.

F. Survival of this Article. This Article shall survive completion or terminations of this Agreement, but under no circumstances shall either party call for an alternative dispute resolution of any claim or dispute arising out of this Agreement after such period of time as would normally bar the initiation of legal proceeding to litigate such claim or dispute under the laws of the State of California.

#### 25. CHOICE OF LAW

All questions pertaining to the validity and interpretation of the Agreement shall be determined in accordance with the laws of California applicable to agreements made and to be performed within the State.

#### 26. ATTORNEYS' FEES

If any legal proceeding should be instituted by either of the parties to enforce the terms of this Agreement or to determine the rights of the parties under this Agreement, the prevailing party in said proceeding shall recover reasonable attorneys' fees, in addition to all court costs.

#### 27. PARTIAL INVALIDITY

If any term or condition of the Agreement is found to be illegal or unenforceable, such term or condition shall be deemed stricken and the remaining terms and conditions shall remain valid and in full force and effect.

#### 28. BENEFIT OF AGREEMENT

The Agreement shall bind and benefit the parties hereto and their heirs, successors, and permitted assigns.

#### 29. NO THIRD PARTY BENEFICIARIES

This Agreement is not for the benefit of any person or entity other than the parties.

#### 30. ENTIRE AGREEMENT; MODIFICATION

This Agreement for Services, including any attachments, constitutes the complete Agreement between the parties and supersedes any prior written or oral communications. CONSULTANT represents that in entering into the Agreement it has not relied on any previous representations, inducements, or understandings of any kind or nature. This Agreement may be modified or amended only by written instrument signed by both the CONSULTANT and MTC. In the event

of a conflict between the terms and conditions of this Agreement and the attachments, the terms of this Agreement will prevail.

IN WITNESS WHEREOF, the Agreement has been executed by the parties hereto as of the day and year first written above.

### **TASK ORDER PROCESS**

Detailed Task Order Process:

Task Orders will be numbered sequentially. The period of performance shall be as set forth in the individual Task Order. The process for developing, signing and tracking task orders is summarized as follows:

Step 1 – The MTC Project Manager (“MTC PM”) prepares a draft Task Order to issue to CONSULTANT. The MTC PM may solicit feedback from CONSULTANT to facilitate drafting the Task Order.

Step 2\* – CONSULTANT prepares a proposal in response to the draft Task Order. A draft Task Order, as included in this Agreement as Attachment A-2, Task Order Form, attached hereto and incorporated herein by this reference, shall be provided to CONSULTANT for review and comment.

Step 3\* – The MTC PM reviews CONSULTANT’s proposal to determine if it meets the objectives of the draft Task Order and if CONSULTANT’s proposed costs are reasonable. The MTC PM may solicit early feedback from the MTC **INSERT TITLE OF SECTION DIRECTOR** at this time, if necessary. Any changes to the draft Task Order deemed appropriate by MTC shall be incorporated in a draft Final Task Order.

Step 4\* – The MTC PM forwards the draft Final Task Order to the MTC Contract Administrator for review and approval. Once approved, the MTC PM forwards two copies of the Task Order to the MTC **INSERT TITLE OF SECTION DIRECTOR**, for review and approval. The MTC **INSERT TITLE OF SECTION DIRECTOR** signs both copies of a Final Task Order to signify approval and returns them to the MTC PM.

Step 5 – The MTC PM sends both copies of the signed Final Task Order to CONSULTANT, who signs both copies and returns one to the MTC PM.

Step 6 – The MTC PM sends one copy of the fully executed Task Order to the MTC or MTC Task Lead who initiates work, and sends another copy to MTC Finance to encumber funds against the Task Order. The MTC PM keeps the original fully-executed Task Order for the official project record.

Step 7 – Any services added to the Agreement by a Task Order shall be subject to all applicable conditions of the Agreement. Revisions to Task Orders shall require written approval by both the MTC **INSERT TITLE OF SECTION DIRECTOR** and CONSULTANT. Revisions to Task Orders shall require written approval by both the MTC **INSERT TITLE OF SECTION DIRECTOR** and CONSULTANT.

Step 8 – The MTC PM is responsible for overseeing the successful conclusion of the Task Order, and will manage the progress of the work, track invoices against the Task Order budget, and track milestone completion against the Task Order schedule.

Step 9 – Once the MTC PM determines the Task Order is complete, the MTC PM will send written notification to CONSULTANT that the Task Order is complete and that all associated invoices are due to MTC within 30 days. Any balance of budget is made available to spend on future task orders at the MTC PM's discretion.

Step 10 – The MTC PM will annually assess the need for a Contract audit.

*\*The MTC Project Manager may revise the Task Order and/or CONSULTANT may be asked to revise the proposal based on feedback received during Steps 2 through 4.*

1. INSURANCE

A. Minimum Coverages. The insurance requirements specified in this section shall cover CONSULTANT's own liability and the liability arising out of work or services performed under this Agreement by any subconsultants, subcontractors, suppliers, temporary workers, independent contractors, leased employees, or any other persons, firms or corporations that CONSULTANT authorizes to work under this Agreement (hereinafter referred to as "Agents.") CONSULTANT shall, at its own expense, obtain and maintain in effect at all times during the life of this Agreement the following types of insurance against claims, damages and losses due to injuries to persons or damage to property or other losses that may arise in connection with the performance of work under this Agreement.

CONSULTANT is also required to assess the risks associated with work to be performed by Agents under subcontract and to include in every subcontract the requirement that the Agent maintain adequate insurance coverage with appropriate limits and endorsements to cover such risks. To the extent that an Agent does not procure and maintain such insurance coverage, CONSULTANT shall be responsible for said coverage and assume any and all costs and expenses that may be incurred in securing said coverage or in fulfilling CONSULTANT's indemnity obligation as to itself or any of its Agents in the absence of coverage.

In the event CONSULTANT or its Agents procure excess or umbrella coverage to maintain certain requirements outlined below, these policies shall also satisfy all specified endorsements and stipulations, including provisions that CONSULTANT's insurance be primary without right of contribution from MTC. Prior to beginning work under this contract, CONSULTANT shall provide MTC with satisfactory evidence of compliance with the insurance requirements of this section.

1.
